

Have you ever left a workshop feeling uplifted and inspired? How about ready and able to implement what you have learned? Creating that kind of impact is what *Alchemy* is all about.

Magical co-facilitation doesn't just happen. Knowing how to mix science and relationship systems theory with verve and vitality gives you and your partner the power to create and deliver great programs together.

Alchemy: The Art and Science of Co-Facilitation is for facilitators who want to "up their game." You will incorporate the latest from systems and adult learning theories plus tips from neuroscience into your repertoire. And you will learn how to deliver seamlessly and in sync with your partner.

The focus is on co-delivery. The dynamic of two people facilitating well together creates a deep connection with participants and supports learning that sticks.

"This course allowed us to enhance our understanding of what makes a successful facilitator a powerful co-leader. We've been business partners for years and the Alchemy course has brought our partnership to a new level. We highly recommend it to anyone who is called upon to work in tandem with another professional to lead, train, coach, counsel or facilitate."
